Getting covered

ADD A SPOUSE/PARTNER AND/OR CHILD(REN)

Need to add your new spouse or partner to your coverage? Kids too? Use the online enrollment tool to add people and update or change your benefits choices.

- Most associates: One.Walmart.com/Enroll
- Facilities on Workday: visit [Workday](#) to enroll

We support all Walmart families and we need to make sure any family member you enroll is eligible. Keep in mind that you'll be required to provide documentation to confirm the eligibility of any dependents you enroll.

UPDATE YOUR ADDRESS

Moving? Make sure you update your payroll and benefits info with your new address. You can do it yourself online, or ask your People Partner.

- For most associates, you can update your address information on the enrollment tool: One.Walmart.com/Enroll.
- If your facility uses [Workday](#), update your address through that system instead.

UPDATE YOUR BENEFICIARIES

Make sure your benefits are paid according to your wishes by keeping your beneficiaries up to date. Set or change a beneficiary: One.Walmart.com/Beneficiary.
